WARREN MOORE,

The Greatest Discovery of the Age!

THIS term may be justly applied to the dis-
covery of compounding medicines with the
best double refined Lead. Sugar in such a manner
that children and adults may now eat medicine
with as much pleasure as they do the best confectionery.

For this discovery we are indebted to A. Sherman, M. D., of the city of New York, who has
been a regular practitioner of medicine in that city
for the past ten years; and also a member of the
New York Medical Society.

The Doctor, after devoting his attention to a
long time to the subject, about three years since,
offered his invention to the public under the name of
SHERMAN'S MEDICAL LOZENGESS.

Since which time they have gained a celebrity for
the cure of different combinations in which they
are recommended, unprecedent in the history of
any other medicine—they consist of:

COUGH LOZENGESS.

Which are the safest and most effectual remedy
for Coughs, Cold, Consumption, Whooping
Cough, Asthma, &c. ever offered to the public.
They operate by promoting expectoration, allaying
the irritation of Coughing, and removing the
cause of disease.

WORM LOZENGESS.

The only infallible Worm medicine ever dis-
covered. In over 400 cases they have never been
known to fail. Many diseases arising from worms
and occasion long and intense suffering and even
death, without their being suspected. A growth
persons are very often afflicted with them, and
are disturbed for various complaints, without any
benefit, when one dose of these Lozenges would
speedily cure them.

CATHARTIC LOZENGESS.

For nervous or sick head aches, irritations of the
heart, fassitude and nervous affections generally.

Persons traveling or attending large parties, will
find the Lozenges really restorative, and imparting
the buoyancy of youth; used after dissipation,
they will restore the tone of the system generally,
and remove all the unpleasant symptoms arising
from our free living.

CATHARTIC LOZENGESS.

The best cathartic medicine for removing bile from
the system, and preventing attacks of the bilious
and intermitent fever of this section of country.

FEVER AND AGUE LOZENGESS.

These Lozenges have been tested by a celebrated
physician in a practice of twenty years and have
never been known to fail in removing this distressing disease. In addition to which, if the directions
be followed, the disease will not return.

SHERMAN'S POOR MAN'S PLASTER.

This Plaster, of which over 1,000,000 are sold
yearly, is believed to be the best plaster for rheu-
matism, lameness, pain in the back, bones, &c., or
any other part of the body, ever prepared, and its
price (only 20 cents) brings it within the reach
of every person in the community.

A large supply of these celebrated
articles just received and for sale by
